

Always Good [Capo 4 C]

[Default Arrangement]

VERSE

There's a promise kept true in who you are
Not a season , never-changing it goes on
oh it's constant like the promise of coming dawn
It's your kindness, never-ending it goes on

CHORUS

This one thing remains the same
You're always good always good
This one thing will never change
You're always good always good
The whole earth could pass away
But still your love never would
Steadfast in all your ways
Always good always good

VERSE

There's a hope that could weather any storm
Like an anchor, never failing you hold strong
In the chaos in the middle of it all
You are faithful to the ones that you fight for

BRIDGE

Your mercy is never ending
Your kindness is never fading
Jesus you're always with me
You're always with me
