

Now and Forever [G]

[Default Arrangement] by Josh Ellen

Verse 1

Where could I go if I didn't have you Jesus
Your words are life each one sustaining me
Where would I be without your lovingkindness
Pulling me close, Jesus you never let me go

Chorus

Now and Forever I am yours you are mine
Your love is better than anything left behind
I have decided I belong, I belong with you
I belong, I belong with you (and no other)

Verse2

Where could I hide, your presence is all around me
No depth or height no chasm could come between us
Where would I run, your mercy is right behind me
Pulling me close, Jesus you never let me go

Bridge

Faithful, you never gave up never let go
Ever pursuing my heart
You are the one that I love
Jesus, now and forever I'll follow
Wherever you go I will go
You are the one that I love
